The attempt will not be made in this communication to touch upon all the facts which throw light upon the progress and consummation of this scheme of aggression. It is very brief and imperfect reference to the facts and circumstances which have led to the present situation.

It is unnecessary to set forth the reasons which in January, 1893, led to a considerable portion of the Hawaiian Islands. It is sufficient to say that the Hawaiian Islands were under a provisional government.

THIRTY-FIVE.

The Number Lost in the Louisville Bridge Disaster.

Their Bodies Flashed Down by Timbers—Mournful Wails on a Desolate Scene—Relatives Waiting the Worst—The Bridge Company Will Be Insured.

JEFFERSONVILLE, Ind., Dec. 18.—The scene of the Louisville and Jeffersonville bridge calamity Saturday morning was a desolate one. Only a few fragments of iron and timbers were left of the bridge.

It is said that no less than thirty-five bridge hands are under the debris. The Louisville Bridge Co. is using all of its energy to clear the wreckage so that the bodies can be brought to the surface.

When night had covered with her sable mantle the giant timbers, and the chaos of wreckage, another span of the bridge came crashing down, entirely blocking the river.

The crew at the life-saving station worked like beavers and dashed right and left to save the trapped and drowning. It is a settled fact that the high wind loosened the traveler, which in toppling over, carried the span with it.

At the scene everything is in confusion, and the work of recovering the bodies will be rapidly pushed until all are found. The impression is that not many of the bodies are entangled in the debris, but have floated away and have probably gone over the falls.

The bodies that go over the falls, and do not lodge at the island or at Port Richmond, may float many miles down the river before they are recovered.

The injured are confined in a separate ward in the new part of the city hospital and are receiving the best attention. It is thought all will recover. The inquest will probably not be held for several days.

Institute Resolutions.
The following are the resolutions of the Kentucky teachers' institute, as published by request:
"That we favor the enactment of a judicious compulsory school law, with no exceptions for the non-attendance of children."
Whereas, That while we approve of a large portion of the present Common School Law, regarding it upon the whole as an improvement on the former law; but, notwithstanding this fact, we must confess—without entering into details and specifications—that there are several features of the above-said law which are, in our opinion, a disappointment to friends of education generally, and are not subservient to the best interests of popular education in Kentucky.

Therefore, we do further resolved that we, the teachers of Knott county, respectfully ask the General Assembly at its next session to repeal all such portions of the present law conflicting with the original Stewart or McCain Bill; and that we further appeal to our fellow teachers, to the press and to the friends of popular education throughout the State to aid us in securing this much needed legislation.
